~~Museums have unarguably become an~~

~~Museums without a~~

Museums, undoubtedly, play an important role in one's cultural education. They are regarded to be one of the essential social institutions, ~~especia~~ as they help people and especially young generations, to expand their knowledge in culture and history. As far as I am concerned, I think it is crucial to educate yourself not only in a history of your own country, but also visit places in other countries, for the reason that cultural knowledge should be gained from different cultures ~~and~~ to have a full and diverse picture of past events and people's integrations.

As I got acquainted with the excursion's program me, I immediately thought that this is a wonderful idea and a great way to spend one's pastime.

Especially it is suitable for teenagers from 14 to 16 years old. I guess, that age here doesn't matter at all and this programme will be interesting both for children and adolescents, as far as they are interested in the theme of the excursion itself. Moreover, I think that the ~~organisation part~~ event is very well-organised, as the participants have a variety of activities, according to the timetable. Not to mention that this exact timetable is ~~absolutely~~ very detailed ~~and clearly~~ as well.

If I had to create an analogue to the event, mentioned earlier, I would without hesitation choose the Catherine's Palace in Saint Petersburg as a place for it. My excursion would have a ~~theme~~ ^{theme}.

'Step into the footsteps of the Russian Empresses' and the ~~theme~~^{name} would be 'Magnificent Russian Empire'.

I guess, in this case, ~~the~~ the programme would be more for adults and teenagers ~~from~~ from 16 years old.

The whole ~~idea~~^{concept} of this tour ~~is~~^{would be} to experience hundreds of years of Russian history in just one night. The programme would include a masked ball or a mini-carnaval, crafting, for example, creating a unique bouquet or baking something. A guided tour would be included also, so that the participants would be able to learn something new about the life of the Russian Empresses, which lived there. The Palace is resplendent, ~~and~~ the impression its golden-like statues and moldings, its famous Amber and Chinese Rooms and its high ceilings leave on everyone, who visits it, is unforgettable.

In conclusion, I would like to express my hope that oneday^{some} programme, like mine, would ~~really~~ be created and would attract a lot of ~~visits~~ people. I also hope that ~~was~~ interest in museums and culture will grow among all ~~generation~~ humans, regardless of their age, gender, ~~and~~ race, and wealth.
