I think, ~~that~~ museums are really important in nowadays world culture. People should ~~should~~ know about ~~their~~ learn about ~~the~~ the whole world's culture, because culture like history can teach us something.

The topic of the excursion is interesting ~~and attractive~~, because ~~it is an unusual way~~, to ~~tell~~ children about Japanese culture.

Japan is a very strange country and lots of people want to know about it Japanese culture. The name of the ~~excursion~~ <sup>event</sup> is really attractive and understandable, because it is intriguing and unusual. How I think, it is a great way to tell children about Japanese culture. I would like to take part in this excursion, because I'm 12 years old and it suits me. Although, it will be ~~hard~~ <sup>is hard</sup> to organize this, but children will ~~definitely~~ like it!

Some people may think, that it is a bad way to study culture, but, in the contrary it is the best way for children. All of them love doing something interesting, playing, drawing, dancing. While doing this, they learn about the world a lot. Even the doctors say, that a child is learning about the world by playing. I ~~would~~ <sup>would</sup> highly recommend such an enjoyable event to my friends. The most attractive thing, how I think, is designing manga character.

~~At the end~~  
After all, I would like to point out, that adults should try to teach their children like this, and they will grow up cultured ~~and clever~~ people.
