The influence which the Romans had on Britain was immense. The majority of Britons could speak, read and write in Latin. ¹ Besides, they wore Roman clothes and went to theaters. ² Many Britons also became Catholic Christians. ³ Moreover, the Romans built not only straight roads which made travelling from one city to another much easier ⁴ but also fine houses which were widely used by Britons.

Many people in the modern world have become very interested in Arts and Music. On the whole, popularity of museums has risen. It is impossible to imagine the modern world culture without museums since they play a vital role in enlightening people around the world. Moreover, it is extremely important to acquaint yourself not only with traditional local exhibitions but also with the world's cultural heritage. There are plenty of fascinating museums across the globe which will expand your knowledge in various fields.

The night event which takes place at the British Museum, London, is perfectly suitable for 8-14-year-olds. Unfortunately, I suppose that for older teenagers like me it would not be that interesting. The event offers a wide range of evening activities like cooking, dancing or drawing. However, the older prefer less active engagements. Organisational aspects are clear and rather convenient because children will not be left alone and will always be occupied with activities. Moreover, the timetable is acceptable for children's health.

I would like to propose an event that will take place at the Madame Tussauds Wax Museum, London. People will be able to attend it from Sunday 14 April to Monday 15 April 2024. The event will offer a chance for its young visitors to make a small wax figure of themselves or their favourite celebrity. The name of the event will be "Wax me". Since the activity is quite simple, we aim to attract children aged from 7 to 12. All children must be accompanied by an adult. The activity will last for

4 hours and cost £50 per adult/child. Firstly, guests will have a ~~small~~ short excursion inside the Wax Museum. Then, children and their parents will be invited to a separate ~~new~~ room where they will make miniature wax statuettes. Visitors will also have a chance to visit the children's shop. At the end of the event all participants will be able to take the statuettes home.
