B. There have always been misconceptions about biology. People have been curious about life and tried to find out its origins. Even though in the past it was believed that living creatures never changed and were created by ~~god~~ God, now we know it is untrue because of evolution. It is important to always strive towards answers in sciences and education as we don't know everything about our world.

Брок 2. Reading

A. In the extra 2 one can see an ~~excessive~~ excessive use of slang and incorrect grammar, because of which the context and the meaning of the dialogue are difficult to understand.

In the extra 3 there are many grammatical and spelling errors, which make it hard to understand various words.

These difficulties ~~are~~ could be avoided if proper grammar was used.

B. In the extra 2 author created images of people, who often spend time on the streets, because of street slang the characters use. It is possible that they are a part of some gang, as these types of phrases are often used in such groups.

In the extra 3 author ~~emp~~ emphasised on the lack of grammar and spelling knowledge. This indicates that the character is either a child or someone who couldn't get normal education because of poverty or having lost both parents.

C. 2) - He will not try to mess with me.

- Let him say what he likes. I do not want to have any trouble with him.

- Yes. Tell him where he comes from if you want to go fortune-telling.

He was doing the same thing that Burt wanted me to do with the lines on the paper. I was laughing, because I thought ~~it~~^{it} was going to be a hard thing for a mouse to do. But then Algernon kept going through all the right ways until he came out where it said finish and made a squeak. Burt said that meant he was happy because he did the right thing.

It is not possible that the speech was said by Elizabeth I, because the person speaking was referring to Nelson, who wasn't born yet. Also, "friends across the ocean" is presumably USA, who couldn't have the Navy then, as well as "the world war", which did not happen while Elizabeth I was on the throne. It's worth mentioning that the "British airmen" did not exist as there were no war airplanes then.

Today is one of the most important days for every graduate here. This is the moment ~~where~~ when we say goodbye to our ^{school} university and greet our new life. And I want to greet every one, who came here today:

students, ~~the~~ teachers, parents, ~~university~~ ~~school~~ workers. Each one of you had made a significant impact on each other's lives. Today, I want to talk to about Motivation and Life Goals.

We all had our ups and downs: both in studying and personal life. It's very hard to ~~manage~~ both excellently, especially when exams are just around the corner, and even your own mind sometimes ~~it~~ tells you that you won't pass. But ~~you~~ ^{we} all did it! ~~you~~ ^{we} overcame these difficult obstacles and your fears and now ~~you~~ ^{we} are sitting here, proud of ~~yourself~~ ^{ourselves}. As ~~you~~ ^{we} should be!

So, have you all breathed in some fresh air? Because from now on... your life will only get... more interesting and complex! But do not fret: now you will be able to get much closer to your dream job. I can guess that ~~your~~ dream job is likely to do nothing and get a lot of money, but unfortunately, this is not how it works in ~~our~~ world. But even so, ~~you~~ ^{we} all have bright futures ahead, I'm sure of it!

And of course, we need to thank ~~people~~ ^{people}, who helped us in this difficult journey. Our teachers, our parents, our friends - without their support I doubt that we would be this prepared and energetic ^{today}, right?

As I'm finishing my speech, I want to tell you all to never give up, especially on your ~~to~~ life goals and dreams. Embark on your new journey with sparkling eyes and a blazing heart, because you are ~~only~~ ^{only} one responsible for it now. May your motivation never run out and your life goals always be achieved! Thank you for listening.
