Good morning! I am really glad to see all of you and to have a ~~chance~~ chance to talk to you from the stage. <sup>Honestly,</sup> I ~~am~~ feel anxious standing in front of you but I am sure that a graduation speech is part and parcel at any school graduation ceremony and it would be good for me to try to make it. You must be surprised to hear <sup>it from</sup> such a shy person like me. But I've learned a lot during ~~the~~ <sup>the</sup> long years of studying and now I'm going to share my personal goals and motivation with you. For all I know, ~~in fact~~ you're drowsy after the exams but don't worry. My story will make you laugh. Also, I'll express gratitude towards my teachers and friends and tell you something <sup>about</sup> my experience at ~~the~~ school. ~~well~~ Well, first and foremost, I'd like to mention that we all have done a good

job and overcome ~~the~~<sup>many</sup> a lot of challenges. I, for one, have passed my exams perfectly. I worked hard during the lessons. Now I understand that the success comes when <sup>you</sup> get rid of all unnecessary things which distract your ~~attention~~ concentration you. My friends ~~also~~ agree with me and consider that it is a sound advice. By the way, one of my goals was to get rid of a ~~the~~ chronic problem with sleeping. Teachers know that I've managed to overcome it. But the most crucial goal of mine is to become a ~~good~~ man of impeccable manners. Many of you believe that I'm an intelligent ~~boy~~ and responsible boy. But it is a ~~mis~~ misconception. Once upon a time, my friends and I gave our lesson a miss. ~~We were sure that our~~ ~~parents~~ we were in the first grade! It is surprising, isn't it? We were convinced that our parents should let us go, ~~and we did that.~~

To miss a class when you're in the first grade means being a really brave boy. <sup>на первом 3</sup> My teachers explained us then that it was foolish. Actually, I've never missed my lessons since that time.

Talking about those who once gave me wholesome advice, I want to thank my parents and friends who always support me in every situation. I appreciate the work of my teachers. All of my achievements would be impossible without your help. I'll never forget my teacher of English Liliya Sergeevna, who prevented me from lapsing into apathy. Thank you! Thank all of you for ~~these~~ <sup>the</sup> years at school and your kindness!

I hope we'll remember this day because we have become a large family. Despite the drama of our farewell, I would like you to celebrate this day. There are plenty of adventures

which lie ahead. We all are capable of being the best version of ourselves. Nothing will prevent us from achieving our goals.

At the end of my speech, I'd love to use ~~as~~ the ~~quote~~ quotation of one of my favourite songs:

"show must go on". I think it is essential ~~and~~ for everyone. To be fair, I could have never ~~imag~~ imagined that I would be able to make this speech! I Love you! Thank you for listening to me carefully!

- A 1. evolution
2.
3. Enlightenment
4. progressive new
5. badly

Meanwhile, the author of ~~the~~ first text highlights that people in the past were ~~inspired by the~~ ~~epoch of Enlightenment~~ and ~~thought~~ influenced by the ideas ~~of~~ of the Age of Enlightenment and ~~thought~~ that living organisms had never changed.

B. Both texts contain the information about ~~some~~ the misconceptions of the scientists in the past, who denied the theory of the evolutionary process. The key ~~different~~ difference between these passages is that the ~~first~~ <sup>second</sup> one tells us about the theory of natural selection which might partly explain plenty of misunderstandings about evolution. mentioned in the first one We can come to conclusion that evolution is a complex problem in science. Therefore, we need to study it carefully ~~and~~ in order to avoid misconceptions. **6**

Блок 4. cultural competence

Winston Churchill is delivering this speech.

These words do not belong to Elizabeth the first since the speaker mentions the British Empire and USA (~~our~~ friends across the ocean) which did not exist in the sixteenth century when Elizabeth I lived. Also, the speaker talks about the British airmen and the world war. These facts emphasize that it is ~~the~~ <sup>the</sup> speech of a politician of the twentieth century. Moreover, as the speaker attaches great significance to the invading expedition, we can guess that it is the speech of the British Prime minister ~~at~~ in the period of the Second World War. 10
