This food is actually good for me, because snacks like that are tasty, cheap and easy to get, so that is the reason why I like them.

Your own room is the place, where you can feel comfortable. It is cozy and home atmosphere there. I have always dreamed about a perfect room.

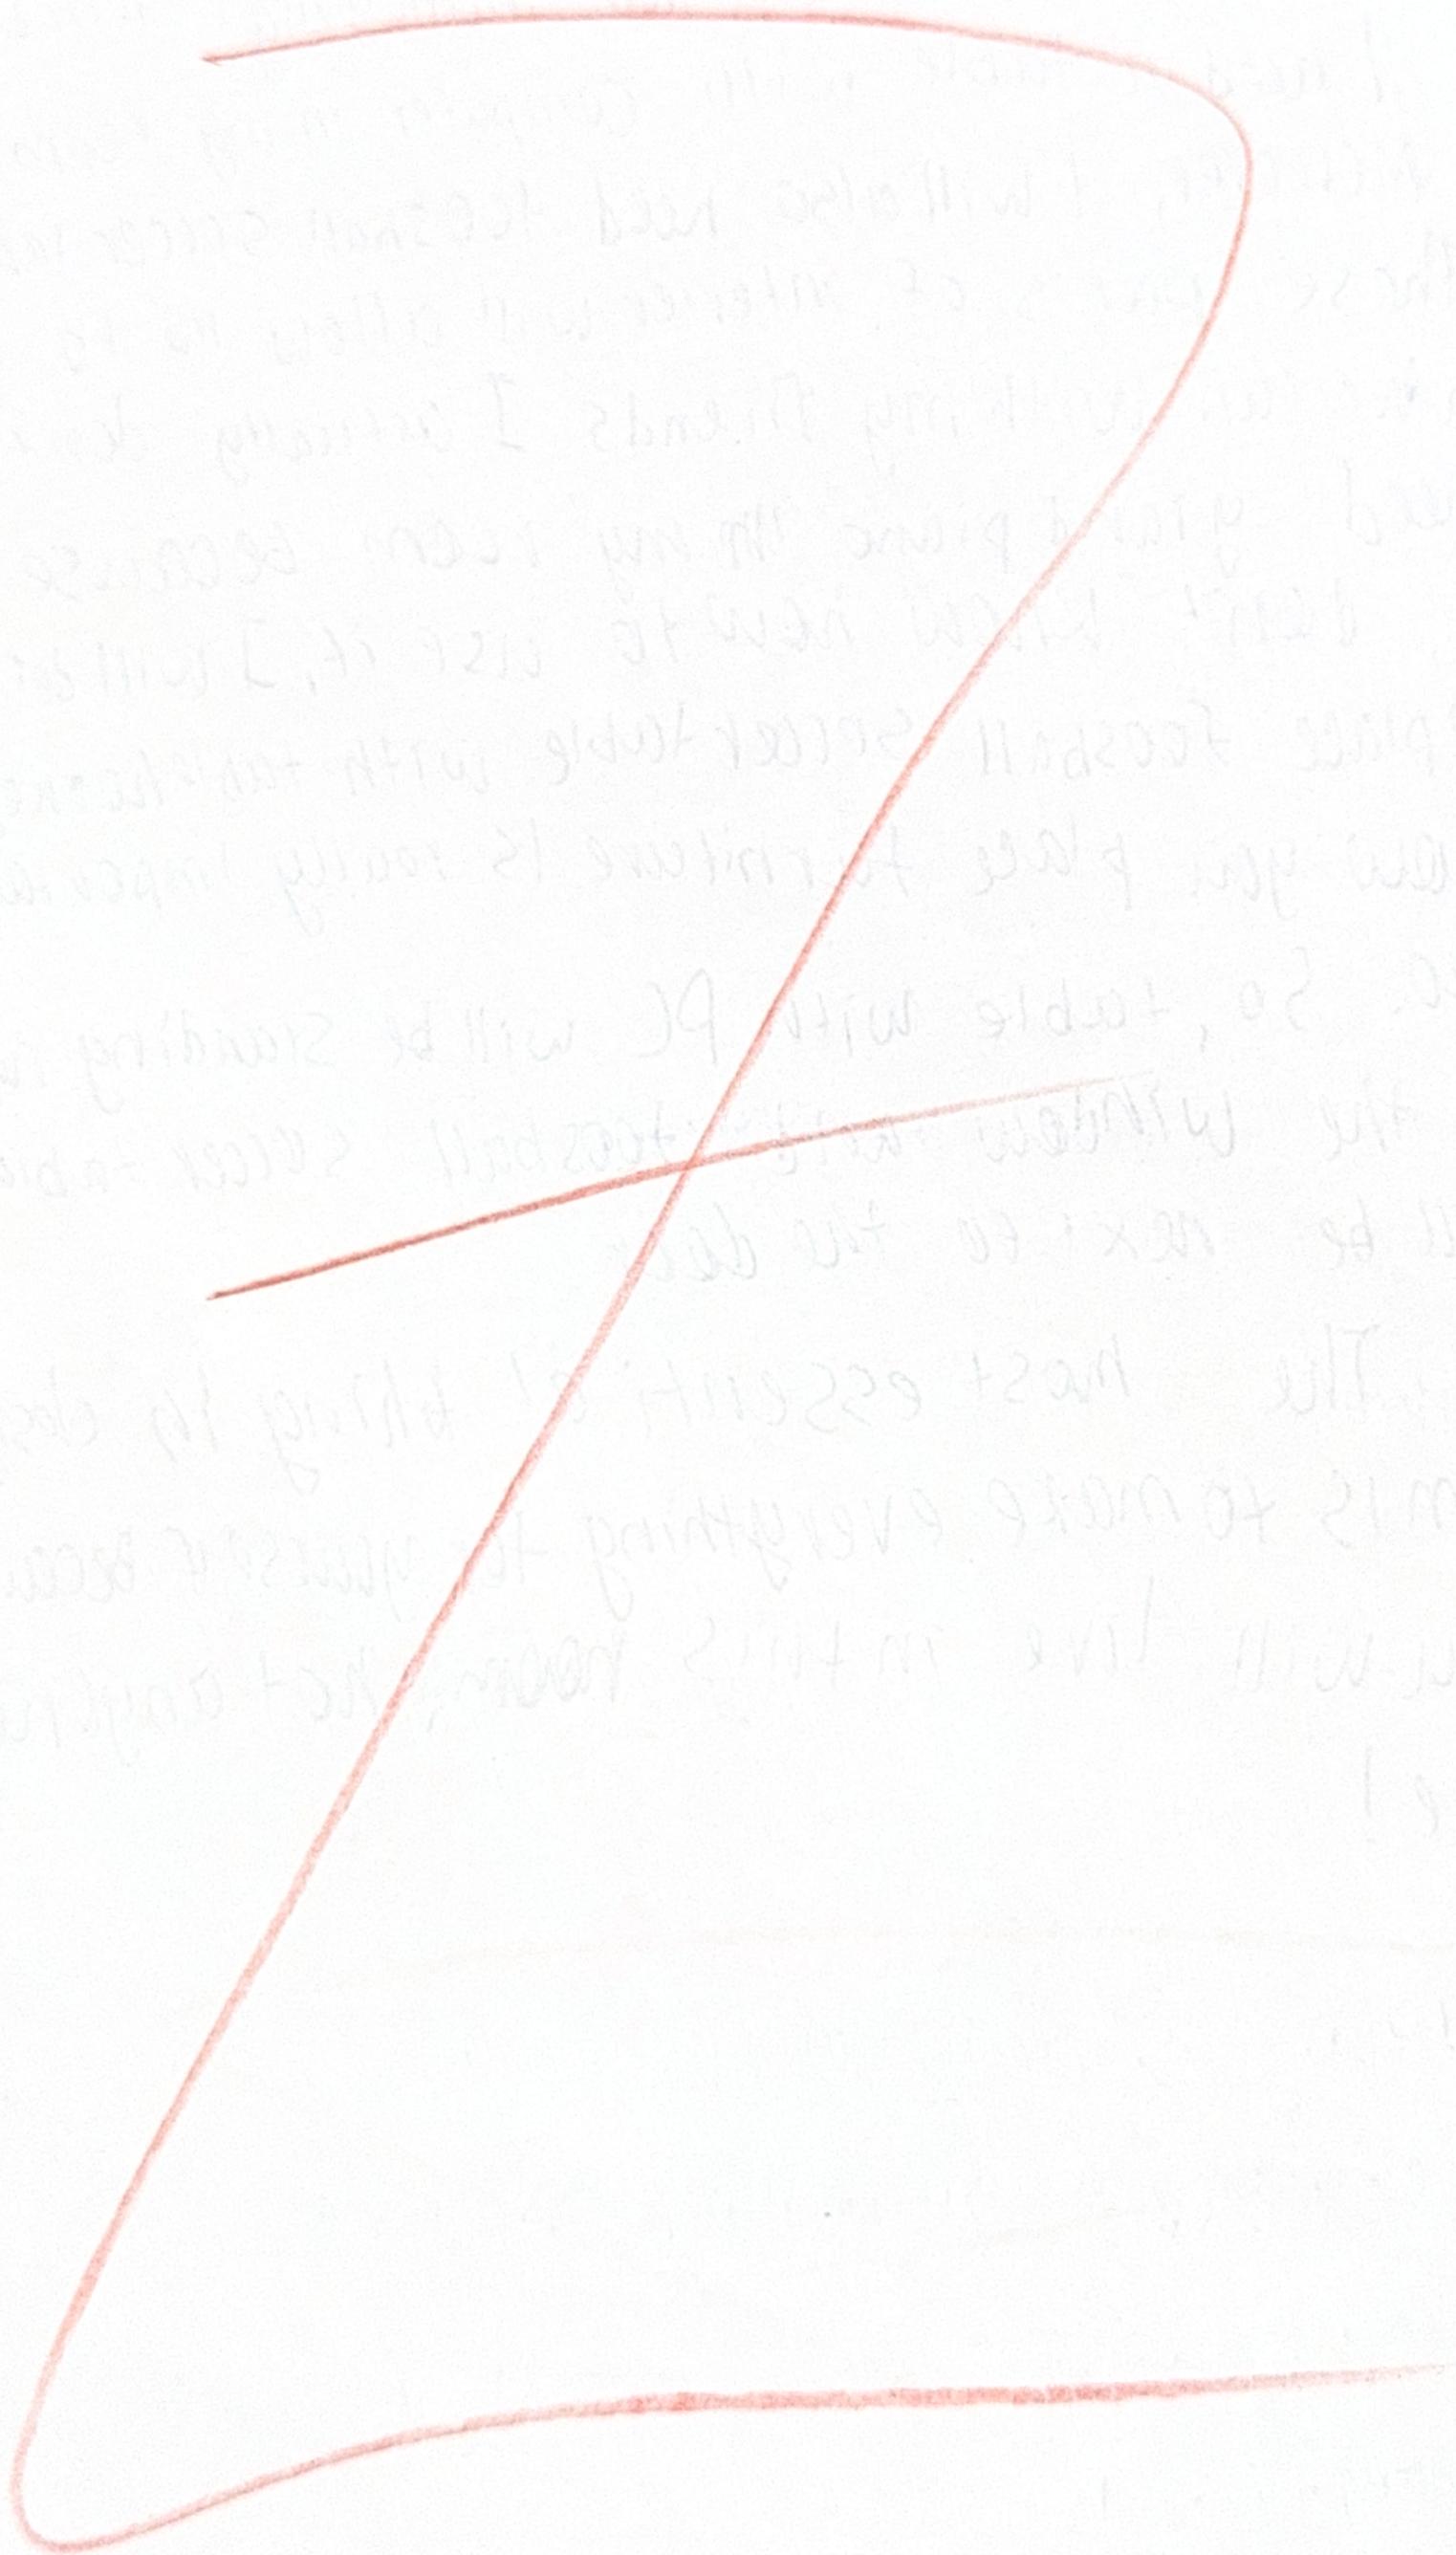

My dream room should be square shaped. It is most suitable shape for furniture to place. Therefore, colours are really important. I want my room to be orange and blue coloured. This type of painting will bring feeling of satisfaction and calmness. Furthermore

I want my walls to be covered with oil ~~paint~~.
It will protect them from damaging. чистовик.

I need a table with computer in my room.
Moreover, I will also need foosball soccer table.
These parts of interier will allow me to
have fun with my friends. I actually don't
need grand piano in my room because
I don't know how to use it, I will definitely
replace foosball soccer table with table hockey.
How you place furniture is really important
too. So, table with PC will be standing next
to the window and foosball soccer table
will be next to the door.

The most essential thing in designing
room is to make everything for yourself. Because
you will live in this room, not anyone
else!
