I believe that even though fast food may taste delightful, it is quite harmful to people's health, so it is not good such food.

~~The recipe I would like to share~~

The recipe I would like to share with my friends is pasta. First, boil ~~them~~ it for about eight minutes. Lastly, add tomato sauce and cheese.

For me, home is a ~~sp~~ place where I feel safe and relaxed. Moreover, having my own room adds a sense of privacy. I really want my dream room, so it would be a blessing to have it.

My dream room must be ^{rectangular and quite big} ~~quite spacious~~ ~~rectangular and big~~, because I dislike living in a ~~cramped~~ room without any extra space. I prefer would prefer it to be black and white with some green touches, because ~~I~~ this colour makes me happy. I would choose a solid

black wallpaper and a wooden floor.

I would change a canopy bed to a regular one and put it in the corner of the room. A desk with a computer to do homework and play games on would be beside the bed. A closet to store clothes and some decorations to make the room even more magnificent would all be on the opposite side of the room. I would not include ~~some~~ any ginormous and ~~unnesses~~ unnecessary things, for example, a foosball soccer table.

All in all, the main aspect in creating comfort in a room is to add things that one personally likes. Convenience comes from truly loving the items in one's room.
