In my opinion, fast food is not really good for you, because it is not healthy, if you eat fast food every day, you become fat.

My favourite dish is pelmeni. Its recipe is easy. Buy frozen pelmeni. Then heat water and put frozen pelmeni in it. Wait for 10 minutes and your dish is ready!

### Двор 5

In my opinion, my home and my room means a very important place. If I can't stay anywhere, I can always go home. Or if I want to be alone, I can relax in my room. And of course I dream about ~~the~~ <sup>an</sup> ideal room.

My ideal room is big and has a form of a square, ~~be~~ because I am a musician and I have some huge instruments. I prefer white and pink colours in my room, so I feel cosy and happy in it. Walls in the ideal room are white and its floor is wooden.

One of the most important furniture is my grand piano. I really need it because I play it ~~everyday~~ every day. My computer must be in my ideal room, too. I can't make my homework without it. But I don't need a basketball hoop because I hate playing basketball. A bunk bed is useless. I live alone in my room. But I would like to have a canopy bed. It is really beautiful! I should put it next to my window.

In conclusion, I'd like to say that it is very important to make your room comfortable and easy. If you want to do this, you ought to put there furniture, that you need really much. I hope that everyone will have their ideal rooms in the future!
