For question 3, fill in the blank with the letter representing a character from a different play by Shakespeare, NOT *Romeo and Juliet*.

Character A Shows loyalty by stepping into a conflict not originally their own. Acts when another person refuses to fight. Becomes directly involved in violence. Loses their life during the confrontation. Their death triggers further consequences.

Character B Is closely connected to the central couple. Avoids involvement in violent disputes. Survives a public confrontation. Leaves the city voluntarily. Is present at the end of the story.

3	B
---	---

For question 4, fill in the blank with the character who committed this action.

This character's ignorance of a prior commitment undermines the arrangements he later initiates.

4	Romeo
---	-------

For question 5, match the synopses, A or B, with their descriptions.

1. This synopsis demonstrates fragmented narration, implicit linear chronology, sequential cause-effect structure, requires active reconstruction, and is light per sentence but cumulatively highly condensed.
2. This synopsis demonstrates continuous narrative, explicit and carefully staged chronology, incorporates cause-effect signals, guides interpretation and sequence, and is heavily cognitively loaded.

5	1	B
	2	A

For question 6, reflect on the ultimate cause of *Romeo and Juliet's* tragedy. You can agree or disagree, partially or completely, with the following statement. Refer to the synopses to support your point of view. Write your answer in the style of Synopsis A. Write your answer in 50-60 words.

The tradition of vendetta is to blame.

In my opinion, the tradition of vendetta is truly to blame for *Romeo and Juliet's* tragedy. For instance, because revenge is considered to be a must in the society, *Romeo* feels obliged to kill *Tybalt* after his murdering *Mercutio*, which is stated in Synopsis A. The family feuding, intensified by bloodshed, irrevocably ^{leads} ~~results~~ ^{to} a disturbing aftermath.

Блок 2. Reading.

You are going to read two synopses, A and B, of a play by William Shakespeare.

For questions 1-10 complete the tasks.

A

Shakespeare sets the scene in Verona, Italy. Juliet and Romeo meet and fall instantly in love at a masked ball of the Capulets, and they profess their love when Romeo, unwilling to leave, climbs the wall into the orchard garden of her family's house and finds her alone at her window. Because their well-to-do families are enemies, the two are married secretly by Friar Laurence. When Tybalt, a Capulet, seeks out Romeo in revenge for the insult of Romeo's having dared to shower his attentions on Juliet, an ensuing scuffle ends in the death of Romeo's dearest friend, Mercutio and his famous words 'A plague o' both houses!' Impelled by a code of honour among men, Romeo kills Tybalt and is banished to Mantua by the Prince of Verona, who has been insistent that the family feuding cease. When Juliet's father, unaware that Juliet is already secretly married, arranges a marriage with the eminently eligible Count Paris, the young bride seeks out Friar Laurence for assistance in her desperate situation. He gives her a potion that will make her appear to be dead and proposes that she take it and that Romeo rescue her. She complies. Romeo, however, unaware of the friar's scheme because a letter has failed to reach him, returns to Verona on hearing of Juliet's apparent death. He encounters a grieving Paris at Juliet's tomb, reluctantly kills him when Paris attempts to prevent Romeo from entering the tomb, and finds Juliet in the burial vault. There he gives her a last kiss and kills himself with poison. Juliet awakens, sees the dead Romeo, and kills herself. The families learn what has happened and end their feud to the echo of Prince's words, 'For never was a story of more woe Than this of Juliet and her Romeo.'

B

The prologue of *Romeo and Juliet* calls the title characters "star-crossed lovers"—and the stars do seem to conspire against these young lovers. Romeo is a Montague, and Juliet a Capulet. Their families are enmeshed in a feud. Yet Romeo and his friends attend a party at Juliet's house in disguise. The moment the two meet they fall in love. They urgently decide that they want to be married. A friar secretly marries them, hoping to end the feud. Romeo and his companions almost immediately encounter Juliet's cousin Tybalt, who challenges Romeo. However, Romeo refuses to fight. Romeo's friend Mercutio accepts the challenge and is killed. Romeo then kills Tybalt and is banished. He spends that night with Juliet and then leaves for Mantua. Juliet's father forces her into a marriage with Count Paris. To avoid this marriage, Juliet takes a potion, given her by the friar, that makes her appear dead. The friar will send Romeo word to be at her family tomb when she awakes. The plan goes awry, and Romeo learns instead that she is dead. In the tomb, Romeo kills himself. Juliet wakes, sees his body, and commits suicide. Their deaths appear finally to end the feud.

For questions 1 and 2, decide whether the statements are true or false. Fill in the blanks with True or False.

1. The friar provides Juliet with a substance that makes her seem lifeless.
2. Romeo remains in Verona after his exile.

1	True	+
2	False	+

Was this speech spoken by Elizabeth I (Queen of England and Ireland from 17 November 1558 until her death in 1603)?

My Lords, and Gentlemen,

It is with great satisfaction that I meet you again in Parliament, and have recourse to your assistance and advice. My Relations with Foreign Powers continue to be friendly and satisfactory; and I trust that the moderation of the powers of Europe will prevent any interruption of the general peace. [...]

I announce to you also at the close of the last session of Parliament that the pacific overtures which my envoy in China had made to the Imperial Government at Pekin having led to no satisfactory Result, my naval and military forces, and those of my ally The Emperor of the French, were to advance towards the Northern Provinces of China, for the purpose of supporting the just demands of the Allied Powers, and that the Earl of Elgin had been sent to China as Special Ambassador to treat with the Chinese Government.

I am glad to inform you that the operations of the Allied Forces have been attended with complete success. After the capture of the forts at the mouth of the Peiho, and several engagements with the Chinese Army, the Allied Forces became Masters of the Imperial City of Pekin; and the Earl of Elgin and Baron Gros, the Ambassador of the Emperor of the French, were enabled to obtain an honourable and satisfactory settlement of all the matters in dispute. Throughout these operations, and the negotiations which followed them, the commanders and ambassadors of the Allied Powers acted with the most friendly concert. Papers on this subject will be laid before you. [...]

Serious differences have arisen among the States of the North American Union. It is impossible for me not to look with great concern upon any events which can affect the happiness and welfare of a people nearly allied to my subjects by descent, and closely connected with them by the most intimate and friendly relations. My heartfelt wish is, that these differences may be susceptible of a satisfactory adjustment.

The interest which I take in the well-being of the people of the United States cannot but be increased by the kind and cordial reception given by them to the Prince of Wales during his recent visit to the Continent of America.

I am glad to take this opportunity of expressing My warm appreciation of the loyalty and attachment to My Person and Throne manifested by my Canadian and other North American subjects on the occasion of the residence of the Prince of Wales among them. [...]
